

February 2007

Spring and early summer have simply flown by !

Over Winter we had a chance to do some upgrades around the lodge. So, we now have a dedicated massage/therapy room and right next door to it, over looking the river is our new 5 person Jacuzzi / Spa. We have also upgraded our Internet connection to a Satellite delivered Broadband service.

On to the fishing !

Wayne & David from NSW paid us their first visit earlier in the season- in 4 days of fishing with Lindsay they hooked up with over 40 brownies with an average size of just over 5lb.

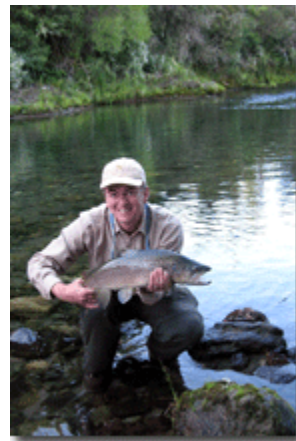

For the third season running Tim & Kay from Ohio spent a week with us in early February. Tim stated that you needed to "dress for success" when fishing – check out his new look fishing attire!

Karen & Cameron Marcuccio from Victoria celebrated their wedding anniversary with us. Cameron also celebrated catching a lovely 7lb brown just on dusk a little up the road from the lodge.

Spending 3 months touring around New Zealand, John & Kate Berry spend a few days fishing with us. Keen Salmon fishers they quickly adapted to our Brown trout fishery.

The fishing in March & April is sensational (Dunn hatches most afternoons) – why not let the team and I look forward to show you our little slice of heaven....

Felix, Jude, Cheryl, & Bev
